

TISCA Water Polo North Texas Region Insurance Information & Invoice

The North Texas Region wants all athletes to play and compete in a safe and insured environment. For 2011, the Dallas Water Polo Club purchased insurance to cover teams for both competitions and practices. Below are the details on the insurance parameters for Spring 2011.

Insurance Costs: the cost for insurance will be \$10 per athlete (no fees for coaches or officials). *Teams will need to provide the names of all athletes for each school to joelinehan@earthlink.net by Friday, April 9th and pay the \$10 per athlete on April 10th (only one check per school). Please make checks payable to Dallas Water Polo Club.

* For rosters, please submit the list of athletes alphabetically with separate lists for boys and girls (note which ones are USA Water Polo registered). Please list all athletes who practiced AND played in a competition this spring. We will also need rosters from ALL teams even if your school district is covering your program.

Exceptions:

- **Exception #1**-teams DO NOT need to pay the insurance if their school provides insurance for the water polo program. All schools and school districts are different. Coaches need to ask their athletic directors if the water polo program falls under the athletic insurance policy. Many Texas area high school water polo programs are considered an extension of the swim team and thus fall under the same insurance as the swim team. Teams which fall under the school district's athletic insurance policy will still need to email Joe Linehan informing him of this AND submitting rosters of their athletes.
- **Exception #2**-if you have players who are currently registered with USA Water Polo as Silver or Gold members (for 2010), the \$10 does not need to be paid for these athletes. When coaches provide the rosters to Joe Linehan for insurance purposes, please indicate who on the roster has a USA Water Polo current membership.

*For additional questions please contact Joe Linehan at 713-705-0945 or
email to joelinehan@earthlink.net.*
